

The Skilled Rider Course is a nine-hour course held on the range over one day. The course uses the proven curriculum of the Motorcycle Safety Foundation® (MSF) Experienced Rider Course SM Suite, with some enhancements developed by Harley-Davidson enthusiasts. Participants use their own motorcycles to enhance the following skills: risk management control at low speeds, limited space maneuvers, cornering judgment, stopping quickly in a curve, swerving and stopping quickly, multiple curve maneuvers and surmounting objects.

Upon successful completion of the course, students will earn a Skilled Rider Course pin and patch set, as well as a completion card from the MSF that may assist you in getting possible discounts on insurance (individual must check with their insurance company for participation). To receive the MSF completion card for the Skilled Rider Course students must receive a passing score on a multiple choice knowledge test and a riding skills evaluation at the end of the course.

Skilled Rider Course Requirements

- *A street-ready motorcycle
- *A valid automobile driver's license with a motorcycle endorsement
- *Proof of valid motorcycle insurance
- *A $\frac{3}{4}$ or full-face helmet manufactured to meet DOT requirements – we can provide you with a full-face loaner helmet if needed.
- *Protective eyewear or face shield
- *Full fingered motorcycling gloves
- *A long-sleeve shirt or jacket
- *Over-the-ankle boots
- *Jeans or similar heavy pants
